

OUR MISSION

Power of 10 is a special leadership program that broadens the knowledge of young veterinarians with less than 7 years post-graduation work experience.

We focus on financial independence, emotional well-being, networking skills and effective communication with management strategies.

This unique experience helps veterinarians develop personally and professionally within a diverse group of colleagues from around Illinois.

WHAT THEY SAY

"The Power of 10 program has introduced me to colleagues that I would never have met before, yet we live and work in the same city, region and state. I have learned things about myself that allow me to be a better human, a better mentor and a better leader. I have learned things about organized veterinary medicine that were not available to me before, and am getting involved in programs that I could have only dreamed of before."

Brenda Burnham, DVM

A LASTING EXPERIENCE

Power of 10 graduates come away from the program with a number of lasting benefits:

NETWORKING/CONTACTS NEW CAREER AVENUES
PERSONAL DEVELOPMENT UNDERSTANDING YOURSELF
BUSINESS MANAGEMENT VISITING THE CAPITOL FUN
20 HOURS CE STRONGER COMMUNICATION LEADERSHIP
