

## ***Veterinary Rehabilitation Medicine Myths***

Elle De Ford, MS, PhD, DVM

*MCBC, cVMA, TCCC, CCRP*

*Veterinary Specialty Center*

### **Program Description**

Veterinary rehabilitation medicine is still in its infancy and continues to grow and evolve rapidly. This course will briefly review some of the common myths about veterinary rehabilitation medicine such as:

- Rehabilitation is a last resort
- Rehabilitation is helpful only for physical injuries or palliative care
- Cats make poor rehabilitation patients

### **Program Agenda**

- Review common myths about veterinary rehabilitation medicine
- Debunk myths and provide supporting practice insight to help rectify

### **Learning Objectives**

1. Learn about myths surrounding the fast-evolving field of rehabilitation in veterinary medicine
2. Understand these myths and learn how to rectify them in practice
