"I'm hoping to learn some additional methodologies for better communication with associates, staff, as well as trainers to develop a more cohesive and effective environment for work and learning."
I hope to learn how to be a more effective leader because leadership is key no matter what role I’m in.

Power of 10 is a veterinary leadership program that broadens the knowledge of veterinarians with less than seven years post-graduation work experience. Class size is typically around 10 students.

Curriculum focuses on financial independence, emotional well-being, networking skills and effective communication with management strategies.

This unique experience helps participants develop personally and professionally alongside their colleagues from around Illinois.

Power of 10 graduates come away from the program with a number of lasting benefits:

- Stronger Communication
- Leadership
- Personal Development
- Business Management
- Networking/Contacts
- Self-Understanding
- Legislative Lobby Day at the Capitol
- 20+ Hours CE
- Fun!
